

Commemorate & Celebrate

Spring signals the celebration of one of life's biggest milestones – graduation! Whether your graduate is moving on from middle school, high school, college or taking the plunge into their first professional job, their accomplishment warrants a meaningful gift. We offer a wonderful selection of gifts that your grad will treasure for years to come.

The journey to graduation is long and arduous for many students – why not commemorate this journey with time itself? Like an education, a watch is an investment in your future and our Swiss made Tissots are very fashionable as well as functional. For a female graduate, a watch that works well with bracelets becomes a fashion accessory that transforms naturally from day to night attire. The graduating young man in your life will appreciate the classic and refined look that Tissot offers.

Classic pieces such as diamonds and pearls make perfect gifts that will remind the new graduate of your love and thoughtfulness. For the graduate just beginning her new career, matching diamond earrings will become an essential part of her business wardrobe.

It doesn't take a degree in fashion to find the perfect graduation gift – come to The King's Jewelers and we'll help you find that special gift for your grad!

Don't be ordinary...

A Season to Celebrate

Spring is a time for so many wonderful celebrations! Mother's Day, Father's Day, graduations, weddings, anniversaries - even the flowers are cheering us on to spread joy and celebrate! The King's Jewelers has had many reasons to celebrate during our last 100 years, and here are just a few individuals that we want to honor and celebrate:

Great Grandpa Andy Raust - the founder of our family business without whom we wouldn't be here or know any of you.

Grandpa Bill McConnell (Bill Sr.) - His love of jewelry exuded from him, and he reveled in making each client his longtime friend.

Grandma Merle McConnell (Bill Sr's wife) lived for every celebration. Making them fun was her speciality.

Dad - Bill Jr. grew a small shop into a true jewelry store. He brought us to Walnut Creek from Oakland and held everyone's hand through their significant moments.

Gichuchu Okeno - Dave's friend in Africa spread joy wherever he went and worked unselfishly to help his fellow countrymen. His legacy lives on in the spectacular gemstone called Okenoite.

What special people have made an impact on your life that you will celebrate this spring?
